#### D FLUS 28 -- 4 JULY 1944

The Division resumed its attack at 0800 and by the end of the day had secured Hill 95 and the LA POTERIE Ridge against a determined enemy. Many severe counterattacks were driven back and any ground lost as a result of the counter thrusts was retaken. More than 500 enemy killed and more than 700 taken prisoner in the bitter fighting.

#### 508th Parachuto Infantry Regiment

At 0800 the Regiment attached south against Hill 95 and the LA POTERIE Ridge. The 2d Battalion, passing through elements of the 505th Parachute Infantry. soized Hill 95 at 1920. Anony recistance was particularly strong and losses were heavy on both sides. An enemy counteratteck at 1400 hours forced the 2d Battalion back but it rotook the position by 2000 hours despite considerable artillery and small arms fire. The 3d and lat Battaliens attached at 0800 on the left of the regimental zone. Heavy concentrations of mortar, artillory and small arms fire pinned the units down along the general line running due west from the town of LA FOTERIE and all attempts to reach the objective were repulsed during the day. The 2d Battalion, 507th Parachute Infantry, roved into position between the 2d and 3d Battalions and launched an attack against the 3d Battalion's objective at 2200. The 3d Battalion, 507th, passed through elements of the lat and 3d Battalions in its attack at 2015 hours on the eastern edge and northern slopes of LA POTERIE Ridge.
