Source: This information was obtained from the Hospital Admission Card data file (1944-1945) created by the Office of the Surgeon General Department of the Army. In 1970 the National Research Council first compiled this for statistical purposes using the EMTs (Emergency Medical Tags) and other Office of the Surgeon General Office Records during WWII.

D FLUS 28 -- 4 JULY 1944

The Division resumed its attack at 0800 and by the end of the day had secured Hill 95 and the LA POTERIE Ridge against a determined enemy. Many severe counter-attacks were driven back and any ground lost as a result of the counter thrusts was retaken. More than 500 enemy killed and more than 700 taken prisoner in the bitter fighting.

325th Glider Infantry Regiment

The 1st and 3d Battalions resumed the attack against the town of LA POTERIE at 0800 hours and secured it by 1250 hours. The 2d Battalion remained in reserve. After passing through LA POTERIE the regiment occupied defensive positions within its sector and established contact with the 90th Infantry Division on the 82d Airborne Division's left flank.
