Source: This information was obtained from the Hospital Admission Card data file (1944-1945) created by the Office of the Surgeon General Department of the Army. In 1970 the National Research Council first compiled this for statistical purposes using the EMTs (Emergency Medical Tags) and other Office of the Surgeon General Office Records during WWII.

A white marble cross-shaped gravestone stands in a cemetery. The stone is a simple Latin cross with a slightly wider horizontal bar. The background is a lush green lawn.
