Source: This information was obtained from the Hospital Admission Card data file (1944-1945) created by the Office of the Surgeon General Department of the Army. In 1970 the National Research Council first compiled this for statistical purposes using the EMTs (Emergency Medical Tags) and other Office of the Surgeon General Office Records during WWII.

A white cross-shaped gravestone stands prominently in the foreground of a cemetery. The stone is inscribed with the name and military service details of Larry M. Donoho. In the background, rows of similar white cross-shaped markers are visible, stretching across a green lawn under a cloudy sky. Bare trees are scattered throughout the scene, suggesting a late autumn or winter setting.
