Mr. Jarl E. Tilleskjar

Dear Mr. Tilleskjar:

This is to inform you that the remains of your loved one have been permanently interred, as recorded above, side by side with comrades who also gave their lives for their country. Customary military funeral services were conducted over the grave at the time of burial.

After the Department of the Army has completed all final interments, the cemetery will be transferred, as authorized by the Congress, to the care and supervision of the American Battle Monuments Commission. The Commission also will have the responsibility for permanent construction and beautification of the cemetery, including erection of the permanent headstone. The headstone will be inscribed with the name exactly as recorded above, the rank or rating where appropriate, organization, State, and date of death. Any inquiries relative to the type of headstone or the spelling of the name to be inscribed thereon, should be addressed to the American Battle Monuments Commission, the central address of which is Room 713, 1712 "G" Street, N. W., Washington 25, D. C. Your letter should include the full name, rank, serial number, grave location, and name of the cemetery.

While interment and beautification activities are in progress, the cemetery will not be open to visitors. However, upon completion thereof, due notice will be carried by the press.

You may rest assured that this final interment was conducted with fitting dignity and solemnity and that the grave-site will be carefully and conscientiously maintained in perpetuity by the United States Government.

INSTRUCTIONS FOR BURIAL

1. PREPARATION OF BODY : Have body examined by member of Medical Department whenever possible (to attach E.M.T. Form 52b.) Remove all personal property; remove one identification tag, leave other on body in protected position (in case of enemy dead, leave 1/2 tag on body, forward 1/2 with personal effects). If no tag present, make notation of identifying data on form, protect in sealed bottle, canteen, spent shell, or best available container, and bury with remains. If unidentified, take fingerprints of both hands; if this is not possible fill out tooth-chart and note height, weight, color of eyes and hair, tattoo marks, birthmarks, etc., and other data as serial no. of weapon, laundry marks, where body found, etc. Wrap body in shelter half, mattress cover, or blanket when available.

2. BURIAL : Dig grave to a depth of five feet (hasty battlefield burials, to sufficient depth to prevent elements from exposing the body). Place only one body in a grave. Dig graves side by side, row behind row.

3. MARKING OF GRAVE : Fasten identification tag to temporary name peg and place at head of grave. For enemy dead, write data on peg. When pegs are not available, copy data on a piece of paper, place in bottle, spent shell, or other receptacle, seal tightly and place so as to mark and identify grave. If identification tag cannot be fastened to peg or placed in container, do not leave at grave but forward with report of burial. If only one tag is found on body, it should be buried with body. The information thereon should be written on marker or placed in container at head of grave. Do not use weapons or helmets to mark graves.

4. LOCATION OF GRAVE : Report burials in established cemeteries by plot, row, and grave number (or show on cemetery map). For all other burials prepare sketch in space provided below; and give location by means of map references, or by reference to prominent permanent landmarks. Information must be specific, accurate, complete. Stand at foot of grave facing head to determine bodies buried to the left and right.

5. PERSONAL EFFECTS : List only personal effects taken from body on the Burial Report form. Place these with information as to identity of owner, organization, emergency addressee, in personal effects bag, or wrap in handkerchief, towel, or other available material, and turn over to Grave Registration Service Personnel with report of burial. Government property is not to be included in personal effects but is to be turned in to Salvage Collecting Point.

Dear Mr. Tilleskjoer:

The Army Effects Bureau has received from overseas some personal property of your son, Private First Class Hugo R. Tilleskjoer.

To make proper disposition of such property, it is necessary that this Bureau have certain information regarding the family of your son. If he was married, please state the name and address of his widow.

If your son left a will which has been probated, please furnish the original or a certified copy of the letters of administration. Any papers submitted will be returned to you as soon as possible. Please mail your reply in the inclosed self-addressed envelope which needs no postage, as this will accelerate disposal of the property.

This Bureau dislikes exceedingly to resort to a mimeograph letter under circumstances of this kind but we feel that your desire to receive the personal effects as early as possible justifies its use.
