Dear Mrs Dunn:

This is in response to your letter of June 1, 1984, requesting information pertaining to Corporal Elmer Q. Siddall.

We have requested and received from the records holding area the deceased file of Corporal Siddall. Deceased files seldom contain the circumstances of death, however, we have extracted the following information.

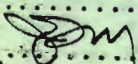

Siddall, Elmer Q., Corporal, 12025255, was killed in action June 6, 1944 in the European area. His remains were recovered and temporarily interred in Plot E, Row 4, Grave 67 of the US Military Cemetery Bloisville, France. At the direction of his mother, Mrs Margaret V. Siddall, Route 3, Moravia, New York, Corporal Siddall's remains were repatriated to the Indian Mound Cemetery, Moravia, New York in May 1948.

I trust this information will assist you.

Dear Sir:

I am sorry the enclosed paper was somewhat delayed owing to the fact that it was necessary to get in touch with other members of the family before deciding what was the best thing to do. I trust this has not caused any inconvenience.

Inasmuch as all evidence will again be examined at reburial I have included some identification marks that might be helpful in identifying my son. If it is possible, I would appreciate it if I could have some little token of identification, as I have never received anything that was found on the person of my son when he was killed, whereas other mothers of my acquaintance have received such assurance.

Very sincerely yours,

Dear Mrs. Siddall:

This is in reply to your recent letter relative to your son, Corporal Elmer Q. Siddall, who was killed in action on 6 June 1944 in France.

I can fully understand your desire to receive a detailed account of the circumstances surrounding his death and regret that you have not received a communication from overseas containing this information. I am forwarding your letter to the commanding general of the unit in which he was serving at the time of his death requesting that the desired letter be transmitted to you.

I feel confident you realize the magnitude of the task to prepare, assemble, and verify all available information in each case and the variations of time required but I wish to assure you that our commanders make every effort to dispatch these letters as expeditiously as possible.

Copies of your letter have been forwarded to Quartermaster General, Washington 25, D. C., concerning the burial of your son and Office of Special Settlement Accounts, 27 Pine Street, New York 5, New York, relative to his pay for direct reply to you.

It is hoped that the information you so earnestly desire will soon be forthcoming and that it will be a source of sustaining comfort to you. Permit me again to express my heartfelt sympathy.

Dear Sir:

In your letter of November 19, 1944, confirming your telegram of a few days earlier, regarding my son, Corporal Elmer Q. Siddall 12,025,255, Corps of Engineers, who had at that time been missing five months you state: "An official message has now been received which states that he was killed in action on the date he was previously reported missing. If additional information is received it will be transmitted to you promptly."

I have received no details whatever concerning my son, and naturally I would like to know just what did happen.

What proof have they that he was really killed?

Where was he killed?

How was he killed?

Where is he buried?

What trace did they find of him?

What became of his bill-fold with our pictures and his May wage check (if he was paid his May wages?)

Can you please put me in touch with his Commander, his Captain, or his Chaplain. I must get in touch with someone who knows something about him.

Respectfully yours

/s/ Margaret V. Siddall

European War Dead

The Department of the Army has released the following list of 428 New York State World War II dead, with names and addresses of next-of-kin, who were returned to the United States from Europe aboard the United States Army Transport Lawrence Victory.

Armed forces dead originally interred in temporary military cemeteries at Epinal, Ste. Mere Eglise, La Cambe and St. Juan, France, are among those being brought back to this country aboard the Lawrence Victory.

Directors of Veterans' Service Agencies and State Veteran Counselors should make certain that all possible assistance, as discussed in the Division of Veterans' Affairs Manual, "Assistance to Families of Deceased Veterans," has been given to the next-of-kin of these honored dead and that, if desired, all local resources have been made available to assist with reburial.

MEMORIAL DIVISION,
WASHINGTON 25, D. C.

GENERAL PROVISIONS APPLYING TO THIS ORDER

1. PAYMENTS.—The Contractor shall be paid, upon the submission of properly certified invoices or vouchers, the prices stipulated herein for articles delivered and accepted or services rendered, less deductions, if any, as hereinafter provided. If the Contracting Officer permits, (a) payments may be made on partial deliveries accepted by the Government when the amount due on such deliveries warrants it; (b) when requested by the Contractor, payments for accepted partial deliveries may be made whenever such payments would equal or exceed either \$1,000 or 50% of the total amount of the contract.

2. INSPECTION.—Whether or not an inspection point is specified herein, all completed work or merchandise shall be subject to inspection both at all times and places, including inspection and test after arrival at destination, and, when necessary, during manufacture. In case an article is found to be defective in material or workmanship, or otherwise not in conformity with the specifications, requirements, the Government shall have the right to make such articles or require their correction. Final inspection shall be conclusive except in cases where defects, flaws, or such gross mistakes as amount to fraud. In the event public necessity requires the use of material or supplies not conforming to the specifications, payment therefor shall be made at a proper reduction in price.

3. VARIATION IN QUANTITIES.—Unless otherwise specified, any variation in the quantities herein called for, not exceeding 10%, will be accepted as a compliance with the contract, when caused by conditions of loading, shipping, packing, or otherwise, in manufacturing processes, and payments shall be adjusted accordingly.

4. NOTICE OF SHIPMENTS.—At the time of delivery of a shipment to a carrier for transportation, the Contractor shall give such prepaid notice of shipment to the Contracting Officer, and to such other person or persons or installations designated by the Contracting Officer, as the Contracting Officer may require. If such instructions have not been received at least 24 hours prior to such delivery to a carrier, the Contractor shall request instructions from the Contracting Officer concerning the notice of shipment to be given.

5. TAXES.—Unless otherwise indicated in this contract (a) the prices herein do not include any State or local sales tax or other tax from which the Contractor or this transaction or the procurement of these supplies is exempt, and (b) the prices herein include all applicable Federal taxes and other applicable State and local taxes in the delivery of these supplies. Upon request of the Contractor, the Government will issue tax exemption certificates or furnish other similar proof of exemption with respect to the taxes excluded from the prices. Where any duties or taxes have been included in the contract price and a refund or draw-back is obtained by the Contractor by reason of the export or reexport of supplies covered hereby, or of materials used in the performance of this contract, the amount of such refund or draw-back will be held over to the Government, or credited against amounts due from the Government under this contract. Provided, however, that the Contractor shall not be required to apply for such refund or draw-back unless so requested by the Contracting Officer.

6. WALSH-HEALEY ACT.—This contract is in full compliance in excess of \$10,000, the representations and statements required by Section 3 of the Act of June 30, 1936, (Public Law 46, 605, 48th Cong.), to be included in all contracts that are specified as hereby being made a part of this contract with the same force and effect as if fully set forth in the contract. Such representations and statements shall be subject to all applicable regulations, determinations, and conclusions of the Secretary of Labor now or hereafter in force.

7. EIGHT-HOUR LAW.—This General Provision 7 shall apply if General Provision 8 is not applicable. No laborer or mechanic doing any part of the work contemplated by this contract, in the employ of the contractor or any subcontractor, shall be required to work more than 8 hours in any one calendar day upon such work at the site thereof, except upon the condition that compensation is paid to such laborer or mechanic in accordance with the provisions of this article. The wages of every laborer and mechanic employed by the Contractor or any subcontractor engaged in the performance of this contract shall be computed on a basic day rate of 8 hours per day, and work in excess of 8 hours per day is permitted only upon the condition that every such laborer and mechanic shall be compensated for all hours worked in excess of 8 hours per day at not less than one and one-half times the basic rate of pay. For each violation of the requirements of this article a penalty of \$5 shall be imposed upon the contractor for each laborer or mechanic for every calendar day to which such employee is required or permitted to labor more than 8 hours upon such work without receiving compensation computed in accordance with this article, and all penalties thus imposed shall be withheld for the use and benefit of the Government. Provided, That this stipulation shall be subject in all respects to the exceptions and exceptions of U. S. Code, Title 40, sections 331, 332, and 416, relating to hours of labor, as decided by the provisions of Section 204 of Public Act No. 724, 75th Congress, approved September 9, 1940, relating to compensation for overtime.

8. ANTI-DISCRIMINATION.—(a) The Contractor, in performing the work required by this contract, shall not discriminate against any employee or applicant for employment because of race, creed, color, or national origin. (b) The Contractor agrees that the provision of paragraph (a) above will also be inserted in all of its subcontracts. For the purpose of this article, a subcontract is defined as any contract entered into by the contractor with any individual, partnership, association, corporation, firm, or other business enterprise or other legal entity, for a specific part of the work to be performed in connection with the supplies or services furnished under this contract. Provided, however, that a contract for the furnishing of standard commercial articles or raw material shall not be considered as a subcontract.

9. CONVICT LABOR.—The Contractor shall not employ any person sentenced by a court of law to imprisonment at hard labor.

10. CHANGES.—Where the supplies to be furnished are to be manufactured in accordance with drawings and specifications, the Contracting Officer may at any time, by a written order, and without notice to the Contractor, if any, make changes in the drawings or specifications. Changes as to shipment and packing of all supplies may also be made as above provided. If such changes cause an increase or decrease in the amount due under this contract or in the time required for the performance, an equitable adjustment shall be made and the contract shall be modified in writing accordingly.

11. DELAYS-DAMAGES.—If the Contractor refuses or fails to perform this contract within the time specified, or any extension thereof, the Government may, by written notice, terminate the right of the Contractor to proceed with the performance of this contract and shall be liable for any damages caused the Government by reason of such termination. The right of the Contractor to proceed with the performance of this contract shall not be terminated under this General Provision 11 if the delay is due to causes beyond the control and without the fault or negligence of the Contractor, including without being limited to any preference, priority, or allocation order issued by the Government or any other act of the Government.

12. DISPUTES.—Except as otherwise specifically provided in this contract, all disputes concerning questions of fact arising under this contract, and which are not disposed of by mutual agreement, shall be decided by the Contracting Officer, who shall advise his decision in writing and mail a copy thereof to the Contractor. Within 30 days from such mailing the Contractor may appeal to the Secretary of War, whose decision or that of his designated representative shall be final. Any such appeal shall be conclusively upon the parties hereto. Pending decision of a dispute hereunder the Contractor shall diligently proceed with the performance of this contract.

13. ASSIGNMENT OF RIGHTS HEREUNDER.—This General Provision 13 shall apply if this contract is for \$1,000 or more, unless this contract is marked secret, confidential, or restricted. (a) Claims for money due or to become due the Contractor from the Government under this contract may be assigned to a bank, trust company, or other financing institution, including any Federal lending agency. Any such assignment shall cover all amounts payable under this contract and not already paid, and shall not be made to more than one party, except that any such assignment may be made to one party as agent or trustee for two or more parties participating in such financing. (b) In the event of any such assignment the assignee shall give signed notice of a written notice of the assignment to the Contractor and one copy of the instrument of assignment, with each of the following: (1) General Accounting Office; (2) the Contracting Officer; (3) the assignee or trustee upon the bank or banks, if any, in connection with this contract; (4) the assignee or trustee; (5) the assignee or trustee to make payment hereunder. (c) Any claim under this contract which has been assigned pursuant to the foregoing provisions of this article may be further assigned and assigned to a bank, trust company or other financing institution, including any Federal lending agency. In the event of such further assignment or reassignment, the assignee shall file one signed copy of a written notice of the further assignment or reassignment together with a true copy of the instrument of further assignment or reassignment with the Contractor and shall file four signed copies of such written notice and one copy of such instrument with each of the parties designated in the preceding paragraph. (d) No assignee shall divulge any information concerning the contract except to those persons concerned with the transaction. (e) Payment in an assignment of any claim under this contract shall not be subject to retention or set-off for any indebtedness of the assignee to the United States arising independently of this contract. (f) Indication of the assignment of claim and of any further assignment thereof and the name of the assignee will be made on all vouchers or invoices certified by the contractor.

14. OFFICIALS NOT TO BENEFIT.—No member of or delegate to Congress or member of committee shall be entitled to any share or part of this contract or to any benefit that may arise therefrom, but this provision shall not be construed to extend to this contract if made with a corporation for its general benefit.

15. COVENANT AGAINST CONTINGENT FEES.—The Contractor warrants that he has not employed any person to solicit or secure this contract upon any agreement for a commission, percentage, brokerage, or contingent fee. Breach of this warranty shall give the Government the right to annul the contract or, in its discretion to deduct from the contract price or consideration the amount of such commission, percentage, brokerage, or contingent fee. This warranty shall not apply to commissions payable by contracts upon contract or sales secured or made through bona fide established commercial or selling agencies maintained by the Contractor for the purpose of securing business.

16. TERMINATION AT THE OPTION OF THE GOVERNMENT.—The performance of work under this contract may be terminated by the Government whenever the Contracting Officer shall determine that such action is in the best interests of the Government. If this contract is an "terminated" contract, as defined by the meaning of the Contract Termination Act of 1941 (Public Law 243, 75th Cong.), as the time may from time to time be amended, will be provided for Contractor.

17. DEFINITIONS.—Except for the original signing of this contract and except as otherwise stated herein, the term "Contracting Officer" as used herein shall include his duly appointed successor or his authorized representative.
