Hi Dad.

Well time still
moves on + I haven't
answered your letter.
Will endeavor to now.

You must be on the
ball there + putting
out with the work.

Was wondering if
the Elks have entertained
and discharged fellows
I know. There has been
a lot of them. Have always
been going to write
but can't hardly keep
up on your folks.

are they still having
fire there. Any bad
ones at least. you should
see some of the fire equipment
they have around here.
most of it is bucket
brigades. The larger
town have bigger outfits
Especially the places
that are bombed. The
way these houses are done
together it must be
a good blaze.

you asked a bout
that premium. Well
what I did was reverse
the first & second benefit.

Since you are
the older. The
monthly payments
depend on this age.
The older the larger.
I hope all there was to it.

I have to take a break a
couple of minutes, now.

You know some of the
darkest things make the
papers. Remember that
story about the jumping
roaf near Dickinson
that was in a English paper.
I was ill but this
sack. as ever

Source: This information was obtained from the Hospital Admission Card data files (1942-1945; 1950-1954), created by the Office of the Surgeon General, Department of the Army. During 1988, this secondary source material was made available to the National Personnel Records Center by the National Research Council, a current custodian of the data file. The file was originally compiled for statistical purposes; therefore, name identification does not exist and sampling techniques were used with the result that not all hospital admissions are included. Veterans on the file are identified by service number and other data related to hospital admission.
