

REC'D O.C.S. 13 SEP 1944

Sept 9, 1944

Dear Sir:

I am writing this letter from Camp Blanding, Ho.
You see Sir, I am an American and some times I ask my self. If I am an American, "why" can't I get into the Air Force.

You see Sir, I have over 950 hours of Aviation Mechanic which I took at West Tech at Iowa.

I am a American Japanese and I have a right what to say. I would like to see if I can get into Gunnin School on a Bomber, because Aviation is my life field.

I have a right to

say what I want to go into.
Hope you'll answer soon
Lui

Truby.
