Dear Mrs. Edmondson:

This is to inform you that the remains of your loved one have been permanently interred, as recorded above, side by side with comrades who also gave their lives for their country. Customary military funeral services were conducted over the grave at the time of burial.

After the Department of the Army has completed all final interments, the cemetery will be transferred, as authorized by the Congress, to the care and supervision of the American Battle Monuments Commission. The Commission also will have the responsibility for permanent construction and beautification of the cemetery, including erection of the permanent headstone. The headstone will be inscribed with the name exactly as recorded above, the rank or rating where appropriate, organization, State, and date of death. Any inquiries relative to the type of headstone or the spelling of the name to be inscribed thereon, should be addressed to the American Battle Monuments Commission, Washington 25, D. C. Your letter should include the full name, rank, serial number, grave location, and name of the cemetery.

While interments are in progress, the cemetery will not be open to visitors. You may rest assured that this final interment was conducted with fitting dignity and solemnity and that the grave-site will be carefully and conscientiously maintained in perpetuity by the United States Government.

Sincerely yours,

SUMMARY: Heinrich PLOESSER, SNV-128041, and Karl SURBORG, SNV-128098, German PWs, Fort Devens, Massachusetts, prior to capture were members of the Bakery Company of the 703rd German Infantry Division. These PWs, interviewed among other prisoners gave the following information, dated 6-9 June 1944:

(2) T-7954 thru T-7951

During the first few days of the Allied invasion of Normandy, the Bakery Company of the 703rd German Infantry Division was stationed in the Monastery at St. Salvator, Normandy. On or about 7 June 1944 three captured American Paratroopers were taken from a barn where they were confined, marched out through the main Monastery gate down the road, then shot. (Evaluation: C-2). According to PW PLOESSER, who admitted helping to bury the Americans, the bodies were placed in a shallow grave in a grassy plot adjacent to the right hand side of the road as indicated on accompanying sketch. (Note: PW PLOESSER is a suspected principal or accessory in a War Crimes case now in preparation; his reliability is questionable. (Evaluation: F-0) PW SURBORG upon returning from guard duty in the area at a time placed as after the burial noticed freshly-dug earth in an enclosure not far from the spot where the shooting is believed to have taken place. (See sketch). (Note: PW SURBORG did not know whether or not the Americans were buried in the spot where he observed the freshly-dug earth; there is no apparent reason to question his reliability. (Evaluation: C-3)

(Report forwarded for possible interest to Adjutant General's Office, or Graves Registration. There is no reason to doubt that three American Paratrooper were shot. It is believed that accompanying sketch may give a clue to the location of the burial place.)

Saint Sauveur le Vicomte, 14 November 1946

The Mayor of Saint Sauveur le Vicomte certifies that the burial of four American paratroopers took place at the Cemetery of our locality on 7 June 1944. This burial was made through Mr. Gauthier and himself.

About four or five months after this burial, American Graves Registration came and exhumed the bodies of these soldiers and very likely took them to Ste Mere Eglise U.S. Military Cemetery.

There is no more neither in the Cemetery nor on the territory of the Commune, bodies of American soldiers.

He declares that no documents were given to the Mairie when the bodies were removed

(Letter 6.)

N A R R A T I V E

15 November 1946

This special investigation was to locate the isolated graves of three American paratroopers reportedly buried near the monastery at St. Sauveur (Manche), and to determine their identity if possible.

Six possible "St. Sauveurs" in the department of Manche were listed as towns to investigate. A thorough check of St. Sauveur de Chaulieu (A8/T62) proved that this could not be the right town (letters 1 to 3).

A visit to St. Sauveur le Vicomte revealed that this was undoubtedly the right one. The one Monastery (Abbey) there was as indicated on the map accompanying this case. Parachutists did land there on the evening of 6 June 1944, and early morning of the 7th, which was not true of the other St. Sauveurs.

A questioning of the inhabitants of the area revealed that three American soldiers were at one time buried in a shallow grave at the side of this road, but that they were removed shortly afterwards by the French Red Cross, and reburied in St. Sauveur cemetery. It was assumed that these parachutists were killed in combat, and not killed as prisoners.

In order to obtain factual evidence this investigator contacted Mr. Lucien GAUTHE, garage owner, and former head of the French Red Cross in the city of St. Sauveur le Vicomte. He was very familiar with the case, and stated that he supervised the exhumation of these three bodies from their shallow graves, and the re-interment in the city cemetery. He had taken careful note of their names, and serial numbers, and stated too, that each one was identified in the cemetery by his respective identification tag. (ltr. 4). Mr. GAUTHE gave this investigator, as evidence, a copy of the records of his organization made at the time of the first exhumation and re-burial. He further stated that the paratroopers were killed in combat.

A check with the Mayor of St. Sauveur le Vicomte substantiated the account given by Mr. GAUTHE, (ltr. 6) and stated further that there are no bodies of American soldiers buried in his commune today.

The fourth soldier buried by Mr. GAUTHE on 8 June 1944, Pfc. Roy K. KREISER, was killed in the city, at some distance from the three in question.

In as much as these three soldiers are now in an American cemetery this case should be considered closed.

of the Mairie's Secretary on Saturday 10 June about 18 hours, but
at about 2100 hours a bombardment totally destroyed her house,
which leaves a small chance of finding these documents.

However each soldier was buried with his Identification Tag.

STATEMENT

Saint Sauveur de Chaulieu, 24 October 1946

I, Albert LEMONNIER, declare that I am Mayor of the Commune of Saint Sauveur de Chaulieu since May 1945.

I have never had any knowledge of graves of American paratroopers in my Commune and the population have never spoken of the existence of any American graves. Further there has never been a monastery in the Commune of Saint Sauveur de Chaulieu. In my opinion the bodies of the paratroopers must be in one of the other Communes also called St. Sauveur.

I, Jean LETONDU, Priest undersigned, declare that I have never heard say by any one of my parishioners of St. Sauveur de Chaulieu, questioned many times on the subject, that any graves of American soldiers existed on the territory of the Parish of St. Sauveur during the campaign of France.

Further more I have never known of this particular detail of three paratroopers killed in a village called St. Sauveur being buried in St. Sauveur de Chaulieu, in as much as these three (3) paratroopers were buried near a monastery and that my Parish has no monastery.

I certify all this from reports given by my parishioners, having been myself from June 1940 until May 1945 a prisoner in Germany.

I wish to point out however that I am administrator of St. Sauveur de Chaulieu and that many previous investigations were made by myself, on the request of my ecclesiastical superiors.

Investigation was initiated by questioning of:

Name: Lucien GASTHE Address: Saint Sauveur Le VicomteName: Albert LEMMEL, Mayor Address: " " " "

Name: _____ Address: _____

From these people the following was learned:

Three American paratroopers were killed during the early morning of 7 June 1944, and buried at place indicated in correspondence, by German soldiers. These three bodies were removed the following day by the St Sauveur le Vicomte Red Cross, their identity carefully noted, and reburied in the city cemetery. A few months later an American Graves Unit disinterred these three bodies for reburial in an American Military Cemetery.

Following this a search of the ground revealed:

The map of the locality coincided in every respect with the Monastery and surroundings in St. Sauveur le Vicomte. Parachutists did land in the vicinity, and three were buried at the place indicated.

(If body located, complete and attach AGRC Form # 10).

My conclusion is that this body cannot be recovered in this area because:

There is no doubt that the three soldiers buried here are now removed, and buried in an American cemetery.
