Mrs. Rita T. Paul

Dear Mrs. Paul,

Reference is made to the interment of your son, the late Staff Sergeant George F. Paul, and his comrades, which was made in Graves 496 and 497, Section 79, Jefferson Barracks National Cemetery, St. Louis 23, Missouri. It is regretted that because of the fact it was impossible to identify individually the remains of your son, you were deprived of the comfort and consolation which you might have been afforded by interring his remains at home.

It is felt that you might like to have the inclosed photograph of the stone which has been placed at the grave.

You are assured that the grave will always be cared for in a manner fully commensurate with the sacrifice your son has made for his country. Any desired information concerning the grave or the cemetery will be furnished upon request.

Sincerely yours,

JAS. F. WATT

Dear Sir:

In your letter of April 8, 1949 you stated that there was one survivor of the crash in which my son, S/Sgt. George F. Paul (QMCMF 293, SN 34 670 505), met his death.

May I have the name and permanent address of this survivor?

Since I never heard from the Commanding Officer or the chaplain I would like to have, and think I am entitled to, some information concerning the circumstances.

Sincerely yours,

Dear Mrs. Paul:

The Department of the Army is desirous that you be given the most recent information concerning your son, the late Staff Sergeant George F. Paul.

With deep regret, I must inform you that, although the remains of your son have been recovered, it was not possible, because of the manner in which he met his death, to identify his remains individually.

According to our records, the plane of which your son was a crew member crashed in the vicinity of Fluren, Germany, on 24 March 1945, during the offensive to force a crossing of the Rhine River, below the Netherland Border. Of the nineteen men manifested aboard, one survived; the other eighteen died as a result of the casualty. Their remains were recovered from the wreckage of the plane by our American Graves Registration Service and removed to the United States Military Cemetery Margraten, Holland, where the remains of twelve of the decedents have since been individually identified.

Although the remains of the other six decedents have been processed through a Central Identification Laboratory by qualified anthropologists, medical, dental, and laboratory technicians in an effort to establish individual identification, I regret that the condition of the remains precluded the possibility of individual identification. They have, therefore, been designated as a group of which the collective identity alone is known. The remains of these honored dead are presently resting in the United States Military Cemetery Margraten, Holland, pending final disposition.

In accordance with the policy of the Department of the Army, the remains of all group burials, of which the collective identity alone is known, will be returned to the United States for final interment in a National Cemetery. The National Cemetery will be designated by The Quartermaster General, and special consideration will be given to the geographical location of the cemetery in order to distribute, as equally as possible, the travel burden upon all next of kin involved. All next of kin will be informed at a later date of the National Cemetery designated and will also be notified of the time of the services.

Dear Mrs. Paul:

The Department of the Army desires that you be given the most recent information concerning your son, the late Staff Sergeant George F. Paul, ASN 34 670 505.

His remains were initially buried with others of his comrades who met their death in the same incident. Since that time the American Graves Registration Service has, without success, explored every clue that might lead to individual identification of any of the remains, and has at last been forced to conclude that only a group identification of the remains is possible. They are now casketed and, pending return to the United States, are being held at the United States Military Cemetery Margraten, Holland.

All remains in this group will be brought back simultaneously for interment in Jefferson Barracks National Cemetery, located at Saint Louis 23, Missouri.

This plan for the burial of all the known groups of men for whom individual identity cannot be established in one of our country's shrines is based upon the provisions of Public Law 383, 79th Congress, as amended by Section 3, Public Law 368, 80th Congress. Final interment in a National Cemetery in the United States where perpetual care will be given the graves, is fitting and proper. This particular National Cemetery was selected in order that no undue burden of travel might be placed on any one family wishing to attend the services.

You and the next of kin of the other men will be informed of the date and time of the final interment sufficiently in advance to permit you and any interested persons to attend the ceremonies. In order that you may receive information concerning these final rites, it is essential, in case you change your address, that you promptly inform the Commanding Officer, Chicago Quartermaster Depot, Attention AGRD, 1819 West Pershing Road, Chicago 9, Illinois.

Sincerely yours,

E. V. FREEMAN

Request situation paragraph, and cemetery if appropriate, applicable to this case.

Deceased was a paratrooper aboard a C-47. A/C crew included four crew members and fifteen paratroopers. All members were killed except one paratrooper (Lt. Carollo). Twelve of the a bove casualties have since been identified. Paul and five other deceased are still in an unresolved status.

Five Reports of Burial are on file in this office that may be associated with these six deceased. The five B/R reveal these remains were all recovered from the wreckage of a C-47, listing the plane numbers which coincided with the serial number of Paul's A/C. Six other identified bodies were also removed fromthe wreckage at the same time and the names correspond with six of Paul's group.

Deceased is listed as killed near Wesel, Germany. All B/R indicating Wesel as the place of death have been checked with the above deceased with negative results. There are no other Burial Reports on file in this office that can be associated with this case.

This office is awaiting reply from Lt. Carollo concerning his knowledge of the incident.

He was reported missing in action March 24, 1945, then reported killed in action in the European Theatere as of that date.

He was Staff Sergeant, George F. Paul, 34,670,505 Air Corps. He was supposedly shot down on a mission to Wesel, Germany on March 24, 1945.

We were told in the letter from Maj. Gen. Edward F. Witsell, that confirmed the telegram from the War Department, that the Unit Commander or Chaplain would send a letter containing further information to the next of kin. We have never received any further information of any kind concerning my brother. We have learned from the members of families of the other crew members that graves of the other crew members have been located. We have continued to think that we would finally learn of the existence and w hereabouts of my brother's grave since such remarkable work has been so successfully done along that line, but so far we have learned nothing.

It has naturally been a period of great stress and strain upon the family since my brother was lost in such a manner and my mother, his next of kin-
